1.	Webinar on "Opportunities for Start-ups in India Post COVID-19"	Training Augmentation and Placement Cell (TAP), ITM Gwalior	29th August 2020	126

- ❖ **Title of the Program:** Webinar on “Opportunities for Startups in India Post COVID-19”
- ❖ **Name of the Organizing Department:** Training Augmentation and Placement Cell (TAP), ITM Gwalior
- ❖ **Venue:** Online
- ❖ **Name, Designation Program Coordinator:** -Mr. Arpit Singh Chauhan, Director, Training Augmentation and Placement Cell (TAP), ITM Gwalior
- ❖ **Brief description of activity:** -

This webinar, part of the Career Transformation series by ITM Gwalior, focused on exploring the opportunities available for start-ups in India in the post-COVID-19 era. The speaker, Mr. Surendra Dogra, a retired Deputy General Manager from NALCO, provided insights into how the startup ecosystem in India can adapt and thrive in the new normal created by the pandemic.

Key Areas Discussed:

Impact of COVID-19 on the Start-up Ecosystem: The speaker analyzed the challenges and disruptions caused by the pandemic in various sectors. Emphasis was placed on understanding how startups were particularly affected.

Emerging Opportunities: Identification of new business opportunities arising from the pandemic, such as in technology, healthcare, e-commerce, and remote working solutions. Discussion on sectors that are likely to witness growth and investment in the coming years.

Government Initiatives and Support: Overview of government policies and financial support mechanisms available to startups. Introduction to schemes like 'Startup India' that aim to foster innovation and entrepreneurship.

Strategic Planning for Start-ups: Advice on the importance of strategic planning, risk management, and flexibility in business models to navigate the post-pandemic world. The role of innovation and technology in driving startup success in the new environment.

Networking and Collaboration: Importance of building a strong network and collaborative ecosystem to survive and grow. Encouraging partnerships between startups, established businesses, and government bodies.

Dean (R&D)
Institute of Technology & Management
Gwalior (M.P.) INDIA

Dr. Meenakshi Mazumdar
DIRECTOR
Institute of Technology & Management
Gwalior (M.P.)

Case Studies and Success Stories: Presentation of real-life examples and case studies of startups that have successfully pivoted their business models during the pandemic.

Conclusion: The webinar concluded with a Q&A session where Mr. Dogra addressed various queries from participants regarding the future of startups in India and the steps they can take to leverage the emerging opportunities. Participants left with a deeper understanding of the potential that lies ahead and the strategies to be adopted to harness it effectively.

- ❖ **Venue:** Online
- ❖ **Name, Designation Program Coordinator:** -Mr. Shyam B. Singh, Coordinator, Alumni Relations Cell, ITM
- ❖ **Brief Description Of Activity: -**
Event Overview: The Alumni Expert Conclave, organized by the Alumni Association and Alumni Relations Cell of ITM, Gwalior, took place from January 24 to January 31, 2021. The event aimed to connect successful alumni from defence and industry sectors with current students to enhance their personal and professional development.

Objectives:

- Facilitate knowledge sharing between alumni and students.
- Provide insights into industry expectations and real-world challenges.
- Enhance students' employability and readiness for campus drives.
- Promote out-of-the-box thinking as a key to success.

Event Highlights:

- Knowledge Sharing: Alumni shared their expertise and real-world scenarios, helping students understand industry expectations and challenges.
- Employability Enhancement: Sessions focused on skills and knowledge required for campus drives and professional growth.
- Out-of-the-Box Thinking: Emphasized as a crucial skill for success in today's competitive environment.

Feedback and Impact:

- Student Feedback: Positive responses highlighting the value of insights gained and the relevance of topics covered.
- Alumni Engagement: High level of alumni participation, showcasing their commitment to supporting current students.

Conclusion: The Alumni Expert Conclave successfully met its objectives, providing valuable learning opportunities for students and fostering stronger connections between alumni and the institution. The event's focus on practical skills, industry insights, and innovative thinking has significantly contributed to the personal and professional development of the participants.

Dr. Manish Kumar conducted a session on "Opportunities in Research," where he discussed various aspects of research and development within Mechanical Engineering. He outlined different career paths and essential skills required for each path. Dr. Kumar emphasized innovation as key to success in research endeavors and encouraged students to be sincere, honest, and ingenious.

Impactful Statements:

1. "Innovation is the successful exploitation of new ideas."
2. "Rewards are assured for sincere, honest and ingenious minds despite several uncertainties."
3. "Research is not about reaching destination it's about the journey, which is full of surprises."

Conclusion:

The event successfully conveyed insights into research opportunities in Mechanical Engineering to students through Dr. Manish Kumar's expertise and experience.

- ❖ **Name & Designation of Resource Persons of the Program: -**

Dr. Manish Kumar

Position: Assistant Professor at MNIT Jaipur

Education: B.Tech from ITM (2010), PhD from IIT Pune

Work Experience: Over 10 years in prestigious institutes including Shiv Nadar University, Thapar University, IIT Patna

Research Field: Mechanical Engineering

Dean (R&D)

REBUILDING STUDENTS PERSPECTIVE IN CURRENT INDUSTRIAL SCENARIO**

Topic: Career Opportunities in Research
Alumni Expert: **Dr. Manish Kumar**, Assistant Professor, Dept. of Mechanical Engineering, MNIT, Jaipur

Profile

- 10+ year experience as Assistant Professor
- Published handful amount of journal papers on Thermomechanical analysis, Electrostatic properties, ceramics, nanoparticles and many more.

Work Experience

- 10+ years of teaching experience at MNIT JAIPUR, Shri Nader University, Thapar University, IIT Patna
- Has been a member of Technical Staff, Sankhya Sutra Labs, INCASR, Bangalore

Achievements

- Received TEQIP-III Research Grant-2019
- Awarded MHRD fellowship (2011-2016)
- Poster selected for best poster award at ICAES-2014
- Selected in competition "My Research in 3 Minutes" on 5th Research Scholars' Day at IIT Patna
- Two of my journal publications are listed in most downloaded articles of Computer and Fluids (Elsevier)

Education

- Ph.D., 2016 - IIT Patna
- Bachelor of engineering, 2010 - RGPV BHOPAL

Skills & Languages

- Scientific Computations
- FORTRAN, C, C++, MPI, CUDA
- GAMBIT, FLUENT, Parallel programming
- Immersed Boundary Method
- HPC administration
- LINUX, OpenCASCADE

Research Interests

- Application of HPC for solving complex and large-model CFD simulations
- Numerical Methods for fluid flow, heat transfer and moving boundary problem
- Conjugate heat transfer using immersed boundary Method
- Fast image rendering of three dimensional bodies on Cartesian grid for scientific computation

15 April 2021 10:00 AM at the online platform Do you have what it takes to take a leap with your own Business Idea?

The Ideapad Incubation Centre of ITM Gwalior is conducting an 'Idea Competition' to fuel and motivate all the entrepreneurs among us.

The opportunity through this competition is that students can compete to get their ideas noticed and seed-funded by ITM Gwalior itself. The last date to get yourself registered for the competition is 15th April. If you dream about owning a business and entrepreneurship, then this is your best chance to convert it into reality.
